Re: *Generic Docket to Establish Generally Available Terms and Conditions  
for Interconnection*  
Docket No. 01-00526

Dear Mr. Waddell:

Enclosed are fourteen copies of page 25 of Section 8 of the Modified Interconnection Agreement filed by BellSouth on July 30, 2001. It appears that this page may have been inadvertently omitted from some copies produced for this filing. We apologize for any inconvenience this may have caused. Copies of the enclosed are being provided to counsel of record.

Very truly yours,

Guy M. Hicks

**8. PROCESSING OF APPLICATIONS (INCLUDING PRELICENSE SURVEYS AND FIELD INSPECTIONS)**

- 8.1 Licensee's Priorities. When Licensee has multiple Applications on file with BellSouth, Licensee shall designate its desired priority of completion of Pre-License Surveys and Make-Ready Work with respect to all such Applications.
- 8.2 Prelicense Survey. After Licensee has submitted its written Application for a License, a Pre-License Survey (including a field inspection) will be performed by either party, in the company of a representative of the other party as mutually agreed, to determine whether BellSouth's Poles, Anchors and Anchor/Guy Strands, or Conduit System, in their present condition, can accommodate Licensee's Facilities, without substantially interfering with the ability of BellSouth or any other authorized person or entity to use or access the Pole, Anchor or Anchor/Guy Strand or any portion of BellSouth's Conduit System or Facilities attached to BellSouth's Pole or placed within or connected to BellSouth's Conduit System. If Pre-License Survey is to be conducted by BellSouth, BellSouth will provide Licensee a Cost, based on its review of Licensee's Application request, to perform the Pre-License Survey. BellSouth will submit to Licensee Costs to complete the Pre-License Survey; after receipt of Licensee's payment of Pre-License Survey Costs, BellSouth will schedule the survey. If Licensee gives its prior written consent in writing, the determination of Duct availability may include the rodding of Ducts at Licensee's expense.
- 8.2.1 The purpose of the Pre-License Survey is to determine whether Licensee's proposed attachments to BellSouth's Poles or occupancy of BellSouth's Conduit and Ducts will substantially interfere with use of BellSouth's Facilities by BellSouth and others with Facilities occupying, connected or attached to BellSouth's Pole or Conduit System; and to provide information to Licensee for its determination of whether the Pole, Anchor, Anchor/Guy Strand, Conduit, Duct, or Right-of-Way is suitable for its use.
- 8.2.2 Based on information provided by BellSouth, Licensee shall determine whether BellSouth's Pole, Anchor, Anchor/Guy Strand, Conduit and Duct Facilities are suitable to meet Licensee's needs.
- 8.2.3 BellSouth may not unreasonably refuse to continue to process an Application based on BellSouth's determination that Licensee's proposed use of BellSouth's Facilities will not be in compliance with applicable requirements, specifications, rules, regulations, ordinances, and laws. Licensee shall be responsible for making its own, independent determination that its use of such Facilities will be in compliance with such requirements, specifications, rules, regulations, ordinances and laws. Licensee acknowledges that BellSouth is not explicitly or implicitly warranting to Licensee that Licensee's proposed use of BellSouth's Facilities will be in compliance with applicable requirements, specifications, rules, regulations, ordinances, and laws.
